Road Work Fails Again.

The road work has proved to be another flash in the pan, and the car load of machinery shipped here last week by Harris & Myers, road contractors has been rebilled to them at Covington after sitting on the switch here for a week, never being unloaded. Just what was the reason for so doing no one here knows. Machinery by the car load has been shipped in here by this firm three times to work with and it has been shipped away as many times and only \$1,000 worth of work done since they began in April. A few months ago they shipped ten new wheel scrapers here, a car load, had them unloaded and set up. They were here about sixty days, during which time they kept a foreman here at high salary. These scrapers, together with all their other new and expensive machinery, were then shipped away without the new "wheelers" ever having been placed in the dirt, or any work at all being done with any of their machinery. We know that the Court has done all within its power to get the work done, and the last effort when it made an order last Monday regulating the pay for this work, is all that could be asked to guarantee the pay.

There are men in the County who will take the contract for this work at the same price the company was to get. If the Court will advertise for bids again, the Times will find a man in the County that will do this and the whole thing can be run through yet in time to save last year's and this year's state aid. Why not this be done, and done at once? It must be done at once to hold state aid.

Hog Killing Weather.

We had some real cold November weather Friday, Saturday and well into the first of this week. It afforded a most excellent time to kill hogs, and many did take advantage of the occasion and butchered them. No fat hogs should be shipped from home to kill when there is a home market for all the cured meat they will make. It saves the freight both ways, and gives the profit to the farmer who should have it.

Raining Again

It began raining Tuesday morning and kept it up until the drouth has been completely broken. This is the first rain for four weeks, while we have had no rain, there has been no lack of moisture in the ground and late sown small grain has come up well, notwithstanding the freezes.

Majority But 33.

Caudill's majority over Tracy for Superintendent of schools in the county is but 33 votes instead of 60 as first reported. We make this correction as a matter of justice to Mr. Tracy, the defeated candidate.

Births.

Dr. Martin reports the birth of a daughter to Mr. and Mrs. Green Filchum Tuesday, Nov. 27.

And the birth of a son to Mr. and Mrs. Carl Piersall Wednesday, the 28.

The Red Cross Supper.

The supper given for benefit of Red Cross, at Clay City Saturday evening, was a decided success. It was largely attended by people from all parts of the County and every one responded cheerfully with donations. Some who could not attend sent their money without being solicited. The proceeds after expenses were paid amounted to \$61.00. Every one worked together and all feel repaid for the effort. This money will help meet the expense of the 2nd. 50 lbs. of yarn for soldiers outfits.

The Chapter extends its thanks to Mr. Hackworth for his generosity in furnishing his store room for the supper.

Our first box from the Chapter is about ready to be shipped to the warehouse at Cleveland, Ohio and will contain 36 Sweaters, \$5 Pair Sox, 33 Hospital Shirts, 12 Rolls Bandages, 2 Box Hospital Linen, 12 Hospital Pillows.

The units throughout the County, viz: Stanton, Bowen, Rosslyn, Slade, Lombard and Hardwick's Creek all gave good account of themselves in helping to make up these articles and raising of the necessary funds to carry on the Red Cross work in Powell county.

After the Railroads.

The State Revenue Agent at Louisville has filed suit for franchise tax against thirty railroad companies which have no tracks or terminals in Kentucky but which have continually hundreds of their cars here for which they are collecting rentals.

We hope to see the commonwealth win out in this suit as the old state is certainly sadly in need of more funds to keep the wheels of the Frankfort government rolling.

Kentucky Now Fifth.

Kentucky produced 25,292,767 tons of coal last year, an increase of 4,019,098 tons over the previous year. As a coal producing state Kentucky now ranks fifth with indications that it will go fourth in another year or two. There are now 500 coal mines in the state, employing 35,000 men. There were 53 men killed in the mines during the year. There mines operating in 28 counties.

Thanksgiving Day.

Today is Thanksgiving, and there is not an individual but what has an abundance to be thankful for even this sad year. In the performance of duty, we owe thanks to Him for His grace. In the neglect of duty we also owe Him manifold thanks for His loving mercy and amazing forbearance.

Bonds Received.

The Clay City National Bank has received its subscription of bonds taken in the last sale and is delivering them to their customers who subscribed for them through the bank.

Documentary Stamps.

After December 1st deeds conveyances legal papers of all kinds, and parcels post packages costing more than twenty-five cents toll, must bear a war tax.

Favors Tax—Against Bonds.

That State Road Commissioner, Rodman Wiley, favors the voting of a plain 20 cents road tax instead of a bond issue is very conclusive from the articles he is sending out to the press for publication. The plain road tax enables you to build the roads with all the tax money collected instead of paying interest on bonds with two thirds of the tax money, and using all the surplus in trying to keep up the road built with the bond money. Mr. Wiley prides himself that but one County in the State has voted bonds since he came into office. This does not signify that road building has been curtailed for it has not. It has greatly increased under his management, and he is doing all in his power to hold the back state aid for Powell.

Game Scarce.

Hunters report game as being very scarce this time. They also encounter some difficulty in getting farm lands to hunt over. Not that farmers care so much for the game, but by allowing the good men who are cautious in the handling of their guns, they open the way for boys and careless persons to hunt. This in the past has frequently resulted in the killing of live stock on the farms. This makes the farmers very cautious and causes many of them to refuse those persons whom they would enjoy hunting on their lands.

Tomorrow Last Day.

Tomorrow is the last day to pay your tax to avoid the six per cent penalty and six per cent interest. Every year quite a number let this time slip up on them without proper thought. This should not be the case as the Sheriff nor any of the officials are desirous to collect this penalty and it a matter that costs all those who so neglect it a very steep rate of interest. So pay up and avoid these unnecessary charges, and the Sheriff's petty annoyance, and yourself advertising fees later.

Merged.

The Clark County Republican and the Winchester Courier have consolidated. T. Sanders Orr of the Courier will continue the publication of the consolidated papers under the name of the Courier. Editor Beckner was already a far too busy man to give the time necessary to get out the splendid paper he published.

To Keep Record of Explosives.

Effective at once, all manufacturers, dealers, foremen and all persons handling explosives or ingredients of explosives, must procure license and keep an itemized record of sales, issues or other disposition made of such explosives.

Bonds Received.

The Clay City National Bank has received its subscription of bonds taken in the last sale and is delivering them to their customers who subscribed for them through the bank. The first issue has not yet been received.

STANTON.

(By P. O. Derthick.)

Mrs. Frank Harmon left Saturday to visit in Irvine.

Mrs. Nell Atkinson was shopping in Lexington the past week.

Miss Mamie Derickson visited at Rosslyn one day the past week.

Misses Alice Childs and Jane Phillips spent last Saturday in Winchester.

Mrs. Tom Boone and Mrs. Gamboe were shopping in Clay City Tuesday.

Mr. and Mrs. Wm. Hardwick visited their daughter, Mrs. E. G. Cowgil, at Lexington a few days ago.

Frank Harmon was in Winchester Wednesday on a business mission.

Virgil Atkinson, of Bowen, was here on business Wednesday or last week.

Miss Kate Hill, a returned Missionary from India, will speak here this coming Saturday and Sunday.

Tom Centers and brother, John, left Monday morning, the former for Winchester and the latter for Cincinnati.

Miss Margaret Norton and niece, Pauline, left Wednesday for Lexington to visit Mrs. Callie Davis, Pauline's mother.

The writer attended the Quick and District S. S. Convention of Breathitt County Saturday and Sunday of this past week.

The writer sent the news notes to this paper last week, so it was no fault of his that they did not appear. The letter bearing them evidently was lost in transit.

Bill Johnson, who has been working in West Virginia for several months, has returned home to stay till about Christmas when he will return.

Larkin Stamper was loading lumber at Oakdale the past week. He has put up his saw mill on Daddy Clark's place and will soon be ready to saw the logs piling up.

Miss Anna Clark, of Henry county, is here visiting her many friends. She informs us that her folks will move to Stanton soon as they get possession of their farm.

Mrs. Fred Ware, and baby, of Winchester, visited with home folks this past week. Accompanied by Mabel Boone they also visited their sister, Mrs. Walter Thacker, at Bowen.

Mr. and Mrs. Wilson Chaney, of Campton Jct., have moved to Stanton and are living with their daughter, Mrs. Lennie Crow. Mr. Chaney will assist Lennie Crow in the depot this winter.

Mrs. Lee Jackson and son, Linwood, of Louisville, are visiting her parents, Mr. and Mrs. James Welch, and other friends for a few weeks. Mr. Jackson will arrive about December 6th. for a visit.

Mrs. Hattie Cowgil, of Lexington.

Denounces Chain Letters.

In spite of previous announcements that the American Red Cross does not approve the chain-letter system of raising money, and that it has never authorized any chain-letter promoters to use the name of the Red Cross in any way, letters of this nature are in circulation and many copies of them have been forwarded to National Headquarters for explanation.

The American Red Cross reiterates that no chain-letter project has its approval. While some of these schemes may have been started in good faith, mention of the Red Cross is not warranted. Red Cross members, and the public in general, are warned that there is no assurance that donations in response to any chain-letters will reach the Red Cross treasury, and are urged to pay no attention to such appeals, whose sincerity is always open to doubt.

Aid to the American Red Cross should always be furnished through recognized channels, if the donor wishes to be assured that his gift is to reach the object intended.

Exempted from War Tax.

By a ruling of Secretary McAdoo, all state officials and employees traveling for the state on business, will be exempted from paying the new revenue war tax imposed upon railroad traffic. Telephone, telegraph messages and freight business for the state are also exempted from tax. This means the saving of several thousand dollars for the state.

Edwin Rose had two valuable steers to get tangled up in some logs in the river Thursday. One of them drowned before help could get to it.

Lyle Kennon, of Mt. Sterling is here to see his brother, R. T. Kennon at Vaughn's Mill whose condition from rheumatism is very critical.

H. G. Garrett, of the State Railroad Commission, and president of the Brodhead Garrett Company, was here Wednesday.

James Anderson, of Montgomery county, is with friends near the city to enjoy a few days among the birds.

J. A. Bowen, Powell county's only coal miner, was in town Friday making quick disposal of a car of coal.

L. P. Keith, general manager of the Brodhead Garrett Company, is moving over the company's office.

R. H. Curtis, of Winchester, was here Thursday to dispose of an interest in a crop of corn near here.

More wheat has been sown in Powell county this fall than any time previous for twenty years past.

Tom and Allen Rose, of Ravena, visited their mother, Mrs. M. Rose a few days ago.

B. M. McPherson, of Winchester, was here Friday on a business mission.

Dr. H. Winburn, of Trapp, was in the city Monday.

THE TIMES.

J. E. Burgher, : : Publisher.

A HOME-MADE PAPER.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

We infer from an article in the Lexington Herald last Thursday, that Congressman Cantrill is strongly in sympathy with the suffrage movement. Mr. Cantrill's position on the liquor question is now wholly acceptable to the dryest. With him standing right on these two important questions, coupled with his unswerving loyalty to the personnel of his constituency, makes our Congressman very popular with the folks at home.

Mr. Hoover has just learned packers are getting twice the profit they should. The consumer has known this very thing for years. It is an evident fact that packers are today getting twice the profit on meat that it used to sell for over the counter at retail. Mr. Hoover is logically correct on most things, but he seems to be woefully lacking in executive power.

There is pending in the U. S. Senate what is called the Civil Rights Bill which has already passed the House, providing moratorium for soldiers and their families. Under the terms of this bill, the families of enlisted men are not to be evicted for inability to pay rent, mortgages on their homes are not to be foreclosed, and they are not to be molested if unable to pay their taxes.

In some counties of the state we read of hunting license being issued to boys as young as ten years. This should not be done as no boy of that age is fit to turn loose with a gun.

PILOT

Miss Pearl Ashley visited Miss Laura Hall Sunday.

Miss Bowen has visited six of the patrons of the school this week.

Mr. John McKinney, of Rowan county, visited D. C. Hall Saturday.

There is a case of smallpox on the Ashley lease. The colored cook of E. L. Gooch is very ill.

Mrs. Green Kinser, who has been visiting her father, at Beattyville, for a couple of weeks, returned home Sunday.

Mrs. Nannie Wells and Miss Minnie Wells, of Zachariah, attended Church here Sunday, and took dinner with Mrs. Margaret Hall.

Mr. Charley Rogers the energetic young teacher, of Rogers Chapel, also Ace Angel, the Radical school teacher, attended Church here Sunday.

A crowd of young people went horseback riding Sunday afternoon. Some of the points visited were: Zachariah, Standing Roch and Ridgewood.

Mr. and Mrs. C. Campbell, Miss Maud Bowen, Mrs. Marion Mullens and Mrs. Mary Ashley were delightfully entertained at the home of Mrs. T. A. Hall Sunday.

"Aunt" Millie Anne Townsend is very ill at this writing. Mrs. Joe Mullens, Mrs. T. A. Hall, Mrs. Harve Ashley, Mrs. Belle Campbell, Mrs. Shelt Townsend, Mr. Ira Wells and Miss Maud Bowen visited her Saturday afternoon.

Several from here are attending Court at Stanton this week. What an ideal world this would be if everyone could so conduct themselves as not to need courts and what trouble and expense would be saved. D. C. Hall is on the jury.

We were very glad to have in our midst again, our dear Old Baptist preacher, Uncle Ira G. Wells, of Daysboro. His subjects were "Close Communion" and "Excuses." He gave us some very wholesome advice and delivered it to a large audience.

House And Lot For Sale.

Road Ideas.

Compare the roads in your county with those in the adjoining counties—don't try to equal—excel.

You can't do the same amount of road work with a dollar as you could last year because everything costs more, yet you want more roads built now than you did a year ago. What is the remedy? Vote the 20 cts. road tax.

You are proud of Kentucky yet you are letting other states eclipse her in building and maintaining roads. Wake up.

Mr. tax payer listen to the engineers advice, he is your servant and is endeavoring to see your money wisely invested.

Whenever a competent man is in charge of the roads of a county you will get results. Whenever an incompetent is in charge you can't see what has been done with the funds.

Don't get the idea that you know everything about roads, recognized authorities of the subject admit they do not know.

Build a road to accommodate the traffic.

Do you think you are doing your part in the way of road improvements in order that your children and your neighbors children can attend school?

If you could keep your sons and daughters at home under the care and instruction of their mother, build a good road to town and they will be satisfied to live on the farm.

A farm on a bad road in winter time is like a jail.

Figure for yourself how much a good road to market will save you in dollars and cents.

Why don't you take more interest in the roads, they are your property.

IN MEMORY OF ONE WHO IS GONE BUT NOT FORGOTTEN.

The death angel visited the home of Charlie and Madgie West Monday morning at 7:30 o'clock and took from their tender and loving care, their sweet little Darling, Irene, age 3 years, 6 months and 13 days.

A precious one from us is gone
A voice we loved is stilled;
A place is vacant in our home,
That never can be filled.
Those little lips so sweet to kiss,
In death are closed now;
No more on earth we'll print a kiss
Upon our darling's brow.
Darling, Irene, we'll meet you
In that home beyond the sky,
Where there'll be no sad partings,
Where we'll never say, good bye.
Farewell, we'll meet on yon bright
shore,
Our sighs and tears will then be o'er
Farewell, again we sadly say,
Until there dawns eternal day.

For Tired Women

With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills." Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

SLADE.

Mrs. G. W. Ewen is slowly improving.

Mrs. Minnie Faulkner sold to Albert Bowen eight steers for \$304.

The oil rig on Mary E. Faulkner's farm is in operation, having drilled 85 feet at this writing.

F. A. Barker and a Mr. Foster of Irvine, were here Monday looking after their oil interests.

Cassius Bowen, now stationed at Camp Zachary Taylor, is visiting his parents on a two days furlough.

I. H. McDaniel attended court at Mt. Sterling Monday, bought a pair of mules and sold them to Martin Ford at private price. He also bought a pair of mules Friday from John Myres for \$400.

Martin Ford bought 1,400 acres of land on Clear Branch which includes the old Hoskin house, from K. U. Land Co. for \$3,500. Mr. Ford already owned the hill back of the church which when added to his new purchase will make quite a boundary.

Jamen Fields, of Owsley County, died suddenly at the home of his brother, George Fields in the Barker district last Wednesday. For some time he had been in bad health, but his death was not expected at this time. Wife and son, Tommy, are at McGregor, Iowa.

Ed Ewen, one of Powell's soldier boys stationed at Hattiesburg, Miss., was unable to get his mail promptly until he put an inspector on the job who rounded him up 23 letters in a single day. Friends who have not been able to do so, can now get replies to their letters. He writes that he appreciates letters from any of his friends. He is cooking for fevered patients.

Married, at the residence of Mr. and Mrs. Martin Ford last Wednesday, Edgar Wireman, of Wolfe County to Miss Maude Hanks of this county. Rev. Charles Wireman, brother of the groom, officiated. The bride is the youngest daughter of Randall Hanks. Among those present were: Misses Maude Asberry, Exie Cable, Madaline Wireman, of Wolfe county; Misses Mae Hatton and Ila Ford; Messrs. S. A. Jones, Burns Combs, Maurice Knox, Ab Hall, Hobert West, Ernest Hatton. After receiving congratulations, the happy pair left for Campton to visit the groom's relatives.

Finishing Up

H. G. Crabtree spent Saturday and Sunday with his family here. Mr. Crabtree has finished his big logging job at Willhurst, but is detained there in shipping some steel used in a tram road over which he hauled the logs. It will also require considerable of Mr. Crabtree's time in the future in Lee county where he is rounding up some tie jobs.

Card of Thanks.

We take this method of extending our sincerest thanks to all persons who so kindly, tenderly and generously, extended and rendered aid in the sickness and death of our dear husband and father, A. C. Estes. The spirit which prompted their assistance will ever be remembered by us. The Family.

LIVER DIDN'T ACT
DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 68

STANTON.

(Continued from First Page)

son, and Mrs. Anna Sewell, and baby, of Jackson, are visiting home folks this week. Mr. Cowgill is here part of the time, when he is not calling on the merchants.

The Red Cross unit of Stanton has completed their first share of the knitting of socks and sweaters and sent them to Clay City where they will be sent on to headquarters. But more yarn has been secured and the and the women are asked to continue to knit more socks, sweaters, wristlets and helmets. This yarn is now at the home of Mrs. Derthick.

Bill Scott who has been one of the old land marks, of Stanton, dropped dead Monday of this week as he was returning from Jim Williams where he had gone to get some buttermilk. He fell between the rails of the track and probably died of a stroke of paralysis. He suffered a severe stroke about a year and a half ago and had not been very strong since. Mr. Scott was close to 70 years of age. He and his wife had traveled the same road for 47 years and now she must find her way alone. They were quite good comrades and quite devoted

to each other. Living two years close neighbors to them the writer does not remember of ever hearing a sharp or unkind word passing between them. He was buried in the Stanton cemetery Tuesday afternoon.

There were thirteen young people taken into the Presbyterian Church this last Sunday who came as a result to the splendid meeting held by Rev. J. Kelly Giffen. The writer wishes to emphasize the fact again that of all the revival meetings he has ever attended and listened to the series of sermons preached by Mr. Giffen were the best without exception. Never have we heard sermons that came so close to the heart of the people and that held up before the people what it took to be a Christian. With a passion for souls and not for Church members he burned his message in the hearts of the people. One of his utterances should never be forgotten by those who heard it. "God is not concerned about a big Church but he is concerned about a pure Church. And when there is a pure Church in a community then there will be a big Church. They will not be merely Church member but they will be Christians."

Furbearing Animals Scarce.

The market on raw furs is good this time but the little animals are scarce and hard to catch. The season to catch them has been limited so that they may increase. It is now unlawful to catch before Nov. 15 and after Jan. 1.

The Hicks 1918 Almanac.

For more than twenty-five years the Hicks Almanac has had a world-wide reputation. The 1918 Almanac has been prepared by Irl R. Hicks Jr., assisted by Rev. John B. Noyes, for many years the assistant editor associated with Rev. Irl R. Hicks. Bigger, brighter, better than ever is a concise description of the 1918 Almanac. It is now ready and is sold as before for 35 cents postpaid. Word and Works is the name of the monthly family magazine founded by Rev. Irl R. Hicks. The subscription price is \$1.00 a year including a copy of The Hicks Almanac to the subscriber. Send 5 cents for a sample copy. Write

How a Machine Does Our Bookkeeping.

A short time ago we installed a remarkable machine in our Accounting Department—a machine which adds and subtracts, tells the date, keeps our books and gets our monthly statements. It does all this work much faster than any bookkeeper could, and has never been known to make a mistake.

The installation of this Burroughs Bookkeeping Machine means that our accounts will be handled just as rapidly and accurately as those of the largest and most up-to-date banks in the country.

Insures Accuracy

The fact that our figure work is done on a Burroughs is a guarantee to our customers of absolute accuracy in the handling of their accounts. The machine method of ledger posting makes it impossible for a mistake to get past unnoticed. This accuracy insurance alone is important enough to you and to us to justify the use of the machine method, but there are many other advantages.

Better Service to You.

The Burroughs will handle our figure

work in about half the time formerly needed. This gives us more time for other things—time to improve the service in every department of the bank.

Come in and see our machine bookkeeping system in operation. We shall be glad to show you how the machine makes entries in our books, how it automatically adds in one column, subtracts in another and so on, and how it makes mistakes impossible. You will be welcome any time.

We don't want you to think of this bank just as a place to deposit your money, although of course we are glad to have you keep as large a balance with us as possible. It is our desire to render our patrons every service and accommodation that can be reasonably expected of us.

Talk over your business problems with us. It is part of our work to study business and financial conditions, and it may be that we can suggest some ideas that you will find worth while. Please feel free to consult us at any time.
